## PROFESSIONAL GOAL

I started with an interest in customizing my online presence using CSS and turned that passion into full-fledged expertise. 5 years in, my passion has evolved towards accessibility, ensuring everyone has a fair and equitable experience on the internet. I try to see my work from the end users' frame of mind and give them exactly what they need, when they need it (even if they haven't realized it yet). I pride myself on iterating quickly, working with accessibility in mind, and building applications that feel intuitive.

## SKILLS AND TOOLS SUMMARY

<i>HTML</i>	<i>jQuery</i>	<i>Adobe XD</i>	<i>T-SQL</i>
<i>CSS/Sass</i>	<i>AEM</i>	<i>Photoshop</i>	<i>MySQL</i>
<i>JS/Typescript</i>	<i>WordPress</i>	<i>Illustrator</i>	<i>Docker</i>
<i>Vue</i>	<i>Tailwind</i>	<i>C#/.NET</i>	<i>Postman</i>
<i>React</i>	<i>Bootstrap</i>	<i>PHP</i>	<i>PowerShell</i>
<i>NodeJS</i>	<i>Figma</i>	<i>Laravel</i>	<i>Copilot</i>

## PROFESSIONAL EXPERIENCE

### Application Developer

**OMES** (Office of Management and Enterprise Services); (*Contract*)      **October 2023 – March 2026**

A few months into the role below, my responsibilities expanded to include:

- Creating custom components and features using Java, JavaScript/React, and CSS.
- Deployments, local testing, version upgrades, and issue management with Adobe to resolve internal bugs we didn't have access to.
- Major version upgrade preparation, testing, and release.
- Leveraged AI to efficiently search enterprise knowledge bases, identify specialized solutions, and expedite development.

**Reason for leaving:** Project completed successfully

### UX/UI Developer

**OMES** (Office of Management and Enterprise Services); (*Contract*)      **October 2023 – April 2024**

- Updated custom components using Java, JavaScript/React, and CSS.
- Lead client projects, which included: initial scope meetings, web author training, site creation, permissions, analytic board creation and training, web form creation, ongoing support, etc...
- Assisted state organizations with moving existing content to a more accessible state, in accordance with federal law on a strict time schedule. Followed W3C accessibility guidelines on all projects, working with our QA team from the design to the finished product.
- Trained web authors on AEM and accessible practices so future content will meet WCAG 2.2 Level AA standards. Solved client issues, tracked through the Service Now ticket system.

**Reason for leaving:** Transitioned Roles

## **PHP Developer**

**Hostek**

**August 2022 – August 2023**

- Proposed and implemented solutions to resolve issues written in PHP, C#/.NET, and JavaScript.
- Created custom client reports using SQL queries, stored procedures, and custom WHMCS modules.
- Built various modules, which handled features such as sending consumer and transaction data to third parties.
- Maintained and updated US & UK websites to ensure marketing strategies were in sync.

**Reason for leaving:** Company downsizing

## **UX/UI Developer**

**Teleflora** (*Contract*)

**June 2021 – August 2022**

- Implemented website improvements based on performance issues found with Google performance tools, PageSpeed Insights, & Lighthouse on 100+ websites.
- Average page speed insights score increased by 10 on both mobile and desktop versions, with some sites seeing increases above 40.
- Developed fully responsive themes for clients using designs built in Figma.
- Modified and fixed existing themes.
- Wrote JavaScript for interactivity, CSS animations, custom features, and implementing 3<sup>rd</sup> party integrations.

**Reason for leaving:** Project completed successfully

## EDUCATION

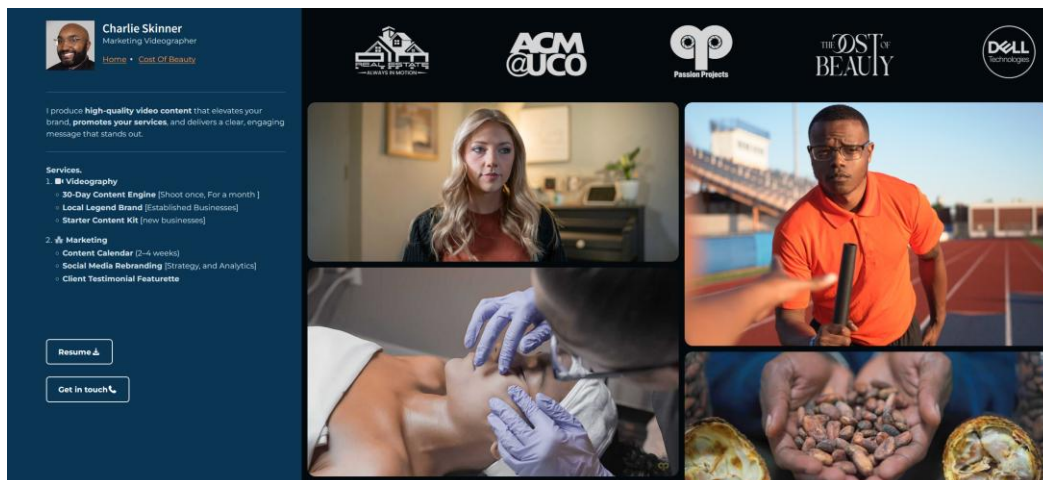

**Francis Tuttle | Web Development**  
Graduated April 2020

## RECENT PROJECTS

### Vue + GSAP Exsperimentation

Created a slider from an example image using [css/sass](#), [Vanilla JS](#), and [Swiper JS](#). I then recreated that same slider section using [GSAP](#), [Vue](#), & [Swiper JS](#).  
[See this project on github.](#)

### Wordpress Marketing Portfolio

Designed and built a portfolio in about a week. It's a simple Wordpress site showing off a Marketing Videographer's work and offerings.
